Pamper Package
by Il Massaggio

Pamper Package by Il Massaggio

Your wedding day is nearly here and we couldn't be more excited to be a part of it!

We know that every bride has a special group around them that helps bring their special day to life, which is why we've started offering an option for an exclusive pamper package to spoil you and your bridal party on the day.

One of our wonderful therapists from our onsite Day Spa, Il Massaggio, will join your group in the Day Room and provide tailored express treatment sessions for the duration of 90 minutes.

Our pamper package includes:

- An oil-free seated relaxation massage focusing on back, neck, and shoulders.
- Hand and foot massage therapies accompanied by warm towels to remove any residual moisturiser.
- Mukti wedding skin prep facial, leaving skin glowing and hydrated ready for the application of makeup.

Rest assured that this session will not interfere with spray-tans, hair, or makeup and will work alongside you with your timings.

Let us pamper you.

Our pamper package starts at \$300. We will look after your entire bridal party and family, or anyone you've invited to partake in the special moments leading up to you saying "I Do".

If you're interested in booking in a Wedding Day pamper session please reach out to the team at Il Massaggio or your wedding planner.
